## Are You Eating Candy Enough?

??

The hunger for sweets is natural. The normal man or woman who is not eating a reasonable amount of candy is not being properly fed. Recognizing this demand for candy, we have equipped our store to meet it with a wholesome supply. We have given to candy the same careful attention that we give to our lunches and ice cream. We can assure you positively that you are safe when you buy candy here. We will not sell "cheap candy." Hundreds of customers buy candy regularly from us.

SUSPICIOUS POSITION AT STUDY

The child's attitude at study indicates whether he is putting forth unusual exertion or suffering from eye strain. The slightest indication of abnormal demands on the nerve centers should be observed by teachers and parents.

Nervous exhaustion and progress in study seldom go together in the same child.

Our special methods of analysis go to the bottom of eye strain difficulties and the consequent disturbance of the memory centers.

### \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The promptness with which it cures is due to the fact that it cures the cause, not the symptoms. For list of testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by all Druggists. Take Hall's Family Pills for constipation.

## BLANKETS

Early purchases enables us to sell them to you for an unusually low price. That the price of blankets is steadily on the rise is clearly indicated in the numerous letters which we daily receive from our manufacturers, and that this next increase which is about due, will be far greater than any that has previously taken place, is fully substantiated by the manner in which retailers all over the country are hurrying to replace their orders.

Many months ago we placed our orders. At that time prices were away below what they are today, therefore the increase which has taken place since these orders were placed and the additional increase which is now about due to take place will not effect us. As a result we can sell them to you for an amount much below the present market prices, and also save you if you make your purchases before the increase about to take place on the future prices.
